From

Inspector General of Education in Mysore,

To

The Secretary to the Government of Mysore,

General and Revenue Departments,

Bangalore

SIR,

With reference to your docket No 3551/Ed 314 dated 23rd January 1900 I have the honour to inform you that most of the higher officers especially of the Subordinate Branch of the Education Department appear to have a legitimate grievance that they are not considered to be " gazetted " officers while Sub-Assistant Conservators of Forests, Assistant and Sub-Assistant Surgeons, Prospectors and Apprentice Geologists Munsiffs, Assistant Superintendents of Police, and Sub-Assistant Engineers have been included in the list of gazetted officers As an instance of the feeling on the subject of the educational officers I enclose herewith a letter from Mr Adolphus Professor of English Literature to the officiating Principal of the Maharajas' College, which the latter forwards for the orders of Government.

2 In my letter No 7331/330 dated 11th March 1897 I requested Government to be good enough to treat [illegible] list of the Educational

educational officers should be considered to be gazetted and stated what the practice was in British India The administration of the education department is hardly in evidence before the public at present as very few appointments leaves transfers We are gazetted, although a great many more are ordered I append a revised list of educational officers who I consider as worthy of being included in the list of Gazetted Officers

I have the honour to be,

Sir

Sir,

I have the honour to submit the following lines to your consideration and to request that you will be pleased to forward this letter to the proper quarter accompanied should you think fit by such recommendation as you may feel prompted in making in my behalf.

In Feb 1894 a Class B II was created in the Educational Department designated the "Assistant Professors' " Grade whose members were to be attached to the two First Grade Colleges for the purpose of imparting instruction in their respective special subjects to the highest classes in those institutions The personnel of this Class consisted of Messrs T R. Venkataswamy Naidu and M.J Narayan Iyengar to profess Mathematics in the Central College and myself to profess English in the Maharajah's College, then just raised to First Grade Status This B II Class owed its existence to the late Dewan, Sir K. Seshadri Iyer, who with characteristic liberality of view intended the "Assistant Professors" to rank with Assistant Commissioners and like them to be gazetted officers Somehow or other the 'Assistant Professors" were not gazetted, nor have they as yet been

been gazetted - a circumstance constituting, to me at all events, a great hardship

In Feb 1899 I mentioned to Sir K Seshadri Iyer in the course of an interview, that I had been given to understand that his intentions with regard to the "Assistant Professors" were such as I have just stated them to be and requested him to cause me to be gazetted He replied that my information as to his views was quite correct and that - the grades being then about to be revised - something would be done to improve my position, involving my being gazetted as a matter of course, or as a necessary corollary (I forget the exact words but I give them substance without exaggeration) But although the grades were revised and some improvement was made in my position pecuniarily yet the more important - to me at least the no less important - improvement that would have been brought about by my being gazetted was not effected.

There never seems to have been so far as I could learn any raison d'être for the epithet "Assistant" prefixed to "Professor", the work of those in this grade being absolutely the same as those of "Professors" In fact in 1895 - or perhaps a little earlier - the designation of Messrs Venkataswami Naidu and Narayan Iyengar was changed (whether formally or informally I have not the means of knowing) But although I had been moving in the matter for some years it was not till December last (1900) that Government was pleased to formally recognise the character of my work by expressly authorising for me the designation of "Professor" (Sc of English Literature) The nature of my work and the number of hours allotted to me per week having undergone no alteration from Jan 1895 - (during 1894

Where is this?

1894 there was no Senior B A class and there was consequently a provisional time-table for the whole staff) it is evident that I have been virtually - so far as quantity and quality of work go - a "Professor" ever since I was posted here from Jan 1895, out of 8 hours per week of English work allotted to each of the two B A classes I have been entrusted with 5, the Principal taking the remaining 3 in each class, i e $\frac{5}{8}$ of the English work in each of the B A classes falls to me. Out of a total of 18 hours allotted to me per week in the five highest classes 10 hours or $\frac{5}{9}$ of the whole is spent with the two B A classes. The remaining 8 hours per week are distributed thus. 3 to the Senior F A class, 2 to the Junior F A class, and 3 to the Matriculation class - the reasons for my going to the last-mentioned class being the same as those necessitating the sending of Mr Leonard, or of Mr Tait, or of both Professors to the corresponding class in the Central College. So that how any work - such as it is - cannot be increased in quality, I may state that during Mr Wren's absence I have the same number of hours of work per week in each of the two B. A classes as before, the only difference being that my work is now <u>more exacting</u> (by making large demands upon my time in the way of preparation) - not <u>higher</u> in point of quality; for temporarily I have to do <u>both</u> Prose and Poetry in the B A classes - work which it is customary elsewhere, at Bangalore and in the Madras Colleges, to divide between at least two Professors.

I beg leave to point out also that in other departments officials of relatively inferior position are gazetted. A reference to the latest edition of the

History

History of Gazetted Officers in Mysore will show th
the following, to quote some examples, are "Gaz
Officers" viz Assistant Commissioners of all
classes, Probationary and Extra Assistant Com
missioners; Assistant Conservators of Forests
all classes, Sub-Assistant and Extra Assist
Conservators; Assistant and Sub-Assistan
Surgeons of all classes, Prospectors, Assistan
Prospectors, Apprentice Geologists and even th
Registrar of the Geological Department Further
while the Distribution Lists - as published yearly
the "Civil List" - find no room for members of
Class in the Educational Department, they in
clude even Honorary Sub-Assistant-Surgeons
seems unbefitting and derogatory to the dignu
of so important a Department as the Educationa
Department must of necessity be, that one en-
gaged in the task of imparting in a by no
means unimportant subject the highest instr
tion that the State can provide in its First-Gra
Colleges should not have the honour of being
gazetted

I wish in conclusion to say that when
this letter has been - has necessarily been - taken
up with a setting forth of what in my humble
opinion constitute my own claims to being ga-
zetted, I would by no means be understood as
being desirous that the gazetting should not
extend to the other Officers in the same grade as
I myself am in, B I Only I would earnestly
request that, should these others be indifferent
to the gazetting, this circumstance should
not

course be allowed to prejudice my views or even-
should Government be pleased so to regard them
my claims in the matter

Awaiting an early and, I venture to
hope, a favourable settlement of the question
of my being gazetted,

I have the honour to be,
Sir,
Your most obedient servant,
A R Adolphus
